MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the City of Natchitoches, City Marshal's (hereafter referred to as the City Marshal) annual financial report presents an overview and analysis of the City Marshal's financial activities for the year ended December 31, 2013. The intent of the MD&A is to look at the City Marshal's financial performance as a whole. It should, therefore be read in conjunction with this report. Certain comparative information is presented to provide an overview of the City Marshal's operations.

Financial Highlights

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities of the City Marshal as a whole and presents a longer-term view of the City Marshal's finances. These statements tell how these services were financed in the short-term as well as what remains for future spending.

Government-Wide Financial Statements

- The Statement of Net Position presents all of the City Marshal's assets and liabilities, with the difference between the two reported as "net position". Over time, increases or decreases in the City Marshal's net position may serve as a useful indicator of whether the financial position of the City Marshal is improving or deteriorating.
- The Statement of Activities presents information showing how the City Marshal's net position changed during the current year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Therefore, some revenues and some expenses that are reported in this statement will not result in cash flows until future years.

Fund Financial Statements

The services provided by the City Marshal are financed through a governmental fund. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City Marshal uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The City Marshal conducts its day-to-day operations through a governmental fund, the General Fund. These statements provide a short-term view of the City Marshal's finances and assists in determining whether there will be adequate financial resources available to meet the current needs of the City Marshal. The City Marshal also maintains a Fiduciary Fund. As a Fiduciary Fund is simply held for other parties and cannot be used for any of the City Marshal's activities, it is not included in the government-wide statement, but is separately reported in the statements of the Fiduciary Fund.

A summary of the basic government-wide financial statements is as follows:

Summary of Statement of Net Position

	<u>2013</u>	<u>2012</u>
ASSETS:		
Current Assets	\$60,144	\$79,958
Capital Assets, Net of Accumulated Depreciation	<u>31,330</u>	<u>9,930</u>
Total Assets	<u>\$91,474</u>	<u>\$89,888</u>
LIABILITIES:		
Accounts Payable	<u>\$18,998</u>	<u>\$24,036</u>
NET POSITION:		
Net Investment in Capital Assets	\$31,330	\$ 9,930
Unrestricted	<u>41,146</u>	<u>55,922</u>
Total Net Position	<u>\$72,476</u>	<u>\$65,852</u>

Summary of Statement of Activities

	<u>2013</u>	<u>2012</u>
REVENUES:		
Charges for Services	\$342,619	\$332,633
On-behalf Revenues	<u>191,172</u>	<u>186,074</u>
Total Revenues	<u>\$533,791</u>	<u>\$518,707</u>
EXPENSES:		
Operating Expenses	\$241,532	\$249,652
Other Governmental Agencies	<u>285,635</u>	<u>275,560</u>
Total Expenses	<u>\$527,167</u>	<u>\$525,212</u>
Change in Net Position	<u>\$ 6,624</u>	<u>\$ (6,505)</u>

- Net position increased by \$6,624 for the year.
- Unrestricted net position, the amount available for obligations to both citizens and creditors, decreased \$14,776 from prior year.

General Fund Budgetary Highlights

Revenues received by the City Marshal's office continue to be sufficient to maintain the normal day-to-day operations. All capital assets are free and clear of debt.

Economic Factors and Next Year's Budget

The City Marshal considered many factors when setting the budget for fiscal year 2014. Revenues and expenses are not expected to differ significantly from the fiscal year 2013 levels.

Contacting the City Marshal

This financial report is designed to provide our citizens and creditors with a general overview of the City Marshal's finances and to show the City Marshal's accountability for the money it receives. Any questions about this report or requests for additional information may be directed to City of Natchitoches, City Marshal, P. O. Box 303, Natchitoches, LA 71458-0303.

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the major fund, and the fiduciary funds of the City of Natchitoches, City Marshal (City Marshal), a component unit of the City of Natchitoches, as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the City Marshal's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and the *Louisiana Governmental Audit Guide*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's

preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the major fund, and the fiduciary funds of the City Marshal as of December 31, 2013, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 1 through 4 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is presented for purposes of additional analysis and is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the management's discussion and analysis in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the introductory section because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City Marshal's basic financial statements. The budgetary comparison listed as required supplementary information in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. The budgetary comparison statement is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 24, 2014, on our consideration of the City Marshal's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City Marshal's internal control over financial reporting and compliance.

City of Natchitoches, City Marshal
Reconciliation of the Statement of Revenues, Expenditures
and Changes in Fund Balance of the Governmental Fund
to the Statement of Activities
For the Year Ended December 31, 2013

Net Change in Fund Balance-Governmental Fund \$(14,775)

Amounts reported for Governmental Activities
in the Statement of Activities are different because:

Governmental Funds report Capital Outlays as expenditures.
However, in the Statement of Activities, the cost of these
assets is allocated over their estimated useful lives as
depreciation expense. The cost of capital assets recorded
in the current period is

26,797

Depreciation expense on Capital Assets is reported
in the Government-wide Financial Statements, but
does not require the use of current financial resources
and is not reported in the Fund Financial Statements.
Current year depreciation expense is

(5,398)

Change in Net Position per Statement of Activities

NOTES TO FINANCIAL STATEMENTS

City of Natchitoches, City Marshal
Notes to Financial Statements
December 31, 2013

1. Introduction:

As provided by Louisiana Statutes, the City Marshal is the executive officer of the City Court. The City Marshal shall execute the orders and mandates of the Court system of the City of Natchitoches, Louisiana. The City Marshal is elected to a term of six years.

2. Summary of Significant Accounting Policies:

The accompanying component unit financial statements of the City of Natchitoches, City Marshal, have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

A. Reporting Entity-

As the governing authority of the city, for reporting purposes, the City of Natchitoches, Louisiana is the financial reporting entity for the local government. The financial reporting entity consists of (a) the primary government (City of Natchitoches), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board (GASB) Statement No. 14 established criteria for determining which component units should be considered part of the City of Natchitoches for financial reporting purposes. The basic criteria for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

1. Appointing a voting majority of an organization's governing body and
 - a. The ability of the city to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the city.
2. Organizations for which the city does not appoint a voting majority but are fiscally dependent on the city.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

City of Natchitoches, City Marshal
Notes to Financial Statements
December 31, 2013

Because of item 2 above, the City of Natchitoches, City Marshal, was determined to be a component unit of the City of Natchitoches, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the City Marshal and do not present information on the City, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

B. Basis of Presentation-

Government-Wide Financial Statements (GWFS)

The Statement of Net Position and Statement of Activities report information about the reporting government as a whole. They include all funds of the reporting entity. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the City Marshal's governmental activities. Direct expenses are those that are specifically associated with a program or function. Program revenues include (a) fees and charges paid by the recipient for goods or services offered by the program, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues.

C. Fund Accounting-

The accounts of the City Marshal are organized on the basis of funds. A fund is an independent fiscal and accounting entity with a separate set of self-balancing accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds are maintained consistent with legal and managerial requirements.

The City Marshal maintains three funds. They are categorized as a governmental fund and two fiduciary funds. The emphasis on fund financial statements is on major governmental funds; each displayed in a separate column. A fund is considered major if it is the primary operating fund of the entity.

The funds of the City Marshal are described below:

Governmental Fund-

General Fund

The General Fund is the general operating fund of the City Marshal. It is used to account for all financial resources except those required to be accounted for in another fund.

City of Natchitoches, City Marshal
Notes to Financial Statements
December 31, 2013

Fiduciary Fund-

Fiduciary Funds are used to account for assets held by the City Marshal in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds. Fiduciary Funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities of the City Marshal, these funds are not incorporated into the government-wide statements.

D. Measurement Focus/Basis of Accounting-

Basis of accounting refers to when revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

Accrual Basis - Government-Wide Financial Statements (GWFS)

The Statement of Net Position and the Statement of Activities display information about the City Marshal's office as a whole. Both of these statements have been prepared using the economic measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Modified Accrual Basis - Fund Financial Statements (FFS)

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., when they are both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The City Marshal considers all revenues "available" if collected within 60 days after year-end. Expenditures are generally recorded under the modified accrual basis of accounting when the related liability is incurred. The exceptions to this general rule are that (1) unmatured principal and interest on long-term debt, if any, are recorded when due and (2) claims and judgments and compensated absences are recorded as expenditures when paid with expendable available financial resources.

City of Natchitoches, City Marshal
Notes to Financial Statements
December 31, 2013

E. Assets, Liabilities, and Equity-

Cash and Interest-Bearing Deposits-

For purposes of the Statement of Net Position, cash and cash equivalents include all interest-bearing deposits, demand accounts and savings accounts of the City Marshal.

Capital Assets-

Capital assets, which include property, plant, and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The City Marshal maintains a threshold level of \$500 or more for capitalizing capital assets.

The costs of normal maintenance and repairs that do not add to the value of that asset or materially extend the life of that asset are not capitalized.

Depreciation of all exhaustible capital assets is recorded as an expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of useful lives by type of asset is as follows:

Furniture, computers	5 years
Radios	10 years
Vehicles	5 years

Compensated Absences-

Employees of the City Marshal are paid by the City of Natchitoches, including any leave payments, therefore there are no entries made to record compensated absences in the funds of the City Marshal.

Equity Classifications-

In the government-wide statements, equity is classified as net position and displayed in three components:

- a. Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

City of Natchitoches, City Marshal
Notes to Financial Statements
December 31, 2013

- b. Restricted net position - Consists of net resources with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provision or enabling legislation.
- c. Unrestricted net position - All other net resources that do not meet the definition of “restricted” or “net investment in capital assets”.

When an expense is incurred for the purposes for which both restricted and unrestricted net position is available, management applies unrestricted resources first, unless a determination is made to use restricted resources. The policy concerning which to apply first varies with the intended use and legal requirements. This decision is typically made by management at the incurrence of the expense.

In the fund statements, governmental fund equity is classified as fund balance and displayed in five components. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- a. Nonspendable fund balance - amounts that are not in a spendable form (such as prepaid expenses) or are required to be maintained intact;
- b. Restricted fund balance - amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation;
- c. Committed fund balance - amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint;
- d. Assigned fund balance - amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority;
- e. Unassigned fund balance - amounts that are available for any purpose. Only the General Fund would report positive amounts in unassigned fund balance.

The General Fund has an unassigned fund balance of \$41,146. If applicable, the City Marshal would typically use restricted fund balances first, followed by committed resources and assigned resources as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first and to defer the use of these other classified funds.

City of Natchitoches, City Marshal
Notes to Financial Statements
December 31, 2013

F. Budgetary Practices-

Prior to the beginning of each fiscal year, the City Marshal adopts a budget for the next fiscal year. The budget is open for public inspection and all budgetary appropriations lapse at the end of the fiscal year. The budget is prepared on the modified accrual basis of accounting.

The City Marshal's office performs only a custodial function in the case of fiduciary funds and therefore a budget for these funds is not appropriate.

G. Estimates-

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

H. Recently Issued and Adopted Accounting Pronouncements-

In November 2010, the GASB issued Statement 61, *The Financial Reporting Entity: Omnibus and amendment of GASB Statements No. 14 and No. 34*. GASB 61 provides additional criteria for classifying entities as component units to better assess the accountability of elected officials by ensuring that the financial reporting entity includes only organizations for which the elected officials are financially accountable or that are determined by the government to be misleading to exclude. This statement is effective for periods beginning after June 15, 2012.

In March 2012, the GASB issued Statement 66, *Technical Corrections-2012*. GASB 66 improves accounting and financial reporting by state and local governmental entities by resolving conflicting guidance that resulted from the issuance of GASB No. 54 and GASB No. 62. This statement is effective for periods beginning after December 15, 2012. The adoption of GASB 66 does not have any impact on the City Marshal's financial statements.

3. Cash and Cash Equivalents:

For reporting purposes, cash and cash equivalents include demand deposits and time deposits. At December 31, 2013, the City Marshal had cash and cash equivalents (collected bank balances) totaling \$171,774. Cash and cash equivalents are stated at cost, which approximates market. Under Louisiana law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the bank. These pledged securities are held in the name of the pledging bank in a holding or custodial bank in the form of safekeeping receipts held by the City Marshal. The deposits at December 31, 2013, were fully secured by FDIC Insurance.

City of Natchitoches, City Marshal
Notes to Financial Statements
December 31, 2013

4. Capital Assets:

Capital asset balances and activity for the year ended December 31, 2013, is as follows:

<u>Governmental Activities</u>	<u>Balance 01-01-13</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance 12-31-13</u>
Capital Assets:				
Furniture, computers	\$13,709	\$ 0	\$0	\$13,709
Radios	775	0	0	775
Vehicles	<u>35,415</u>	<u>26,797</u>	<u>0</u>	<u>62,212</u>
Total Assets	<u>\$49,899</u>	<u>\$26,797</u>	<u>\$0</u>	<u>\$76,696</u>
Less: Accumulated Depreciation:				
Furniture, computers	\$13,709	\$ 0	\$0	\$13,709
Radios	775	0	0	775
Vehicles	<u>25,484</u>	<u>5,398</u>	<u>0</u>	<u>30,882</u>
Total Depreciation	<u>\$39,968</u>	<u>\$ 5,398</u>	<u>\$0</u>	<u>\$45,366</u>
Net Capital Assets	<u>\$ 9,931</u>	<u>\$21,399</u>	<u>\$0</u>	<u>\$31,330</u>

Depreciation expense of \$5,398 was charged to the public safety function.

5. On-Behalf Payments:

Employees of the City Marshal's office receive salaries and fringe benefits from the City of Natchitoches and supplemental pay from the State of Louisiana. Fringe benefits paid by the City include the required contributions to the Louisiana Municipal Employees Retirement System.

Salaries	\$139,016

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Alton Rachal, City Marshal
City of Natchitoches
P. O. Box 303
Natchitoches, LA 71458-0303

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and the *Louisiana Governmental Audit Guide*, the financial statements of the governmental activities, the major fund, and the fiduciary funds as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the City of Natchitoches, City Marshal's (City Marshal) basic financial statements and have issued our report thereon dated June 24, 2014.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City Marshal's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City Marshal's internal control. Accordingly, we do not express an opinion on the effectiveness of the City Marshal's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying schedule of audit findings as item 13-01 that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City Marshal's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Natchitoches City Marshal's Response to Finding

The City Marshal's response to the finding identified in our audit is described in the accompanying schedule of audit findings. The City Marshal's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited. Under Louisiana Revised Statute 25:513, this report is distributed by the Louisiana Legislative Auditor as a public document.

June 24, 2014
Natchitoches, Louisiana

City of Natchitoches, City Marshal
Schedule of Audit Findings
Year Ended December 31, 2013

I. SUMMARY OF AUDIT RESULTS

The following summarize the audit results:

1. An unmodified opinion was issued on the financial statements of the City of Natchitoches, City Marshal as of and for the year ended December 31, 2013.
2. The audit disclosed one significant deficiency in internal control and this deficiency was not determined to be a material weakness.
3. The audit disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

II. FINDINGS IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Compliance-

13-01 Segregation of Duties

Criteria - The Marshal's office should have employees available to execute the ongoing duties related to financial matters.

Condition - Our evaluation of the internal control structure revealed an absence of appropriate segregation of duties and the lack of personnel available to prepare financial statements including the related note disclosures.

Effect - Intentional or unintentional errors could be made and not detected within the accounting system.

Cause - The Marshal's office does not have a sufficient number of employees to adequately separate accounting duties or to prepare the City Marshal's annual financial statements with related note disclosures.

Recommendation - Since the costs associated with establishing an appropriate system of internal control should not outweigh the benefits derived from it, we do not have a recommendation to make.

City of Natchitoches, City Marshal
Schedule of Audit Findings (continued)
Year Ended December 31, 2013

Management's Response - It is not economically feasible to add a sufficient number of employees to adequately segregate accounting duties. In addition, we have evaluated the cost/benefit of establishing a system to prepare our annual financial statements and have determined that it is in the best interest of the City Marshal to have our independent auditors prepare our annual financial statements. We understand that we should review the financial statements and notes and accept responsibility for their contents and presentation.

III. PRIOR YEAR AUDIT FINDINGS

12-01 Compliance with Local Government Budget Act

Condition - Actual revenues were less than budgeted revenues by more than the 5% allowed and the budget was not amended.

Status - This finding is cleared at December 31, 2013.
